Simple and plain 2D maze dodge game. Contains only 12 levels, but the difficulty can keep you working on it for a while. Mostly you try to rescue yourself on one of the unmined walls. There are speed pickups, portals and lots of bombs you have to dodge. Soundtrack is quite nice. Just the menu contains strange names like "contunue".. Too short, feels like a money grab. This game was worth the little effort and value you put into it.. The game says it has steam cards, but it actually doesn't.. Easy game. The achievements are easy too.. Zero deaths !!!!!!!!!!!!!. Suitable, but not for relaxation, because the farther away the more difficult. This game drove me mad The first 9 Levels are easy. oh but then then the difficulty spikes to ing unfair i spent like 10 minues on the first 9 minutes but on the 10th level.
